

KANSAS STATE UNIVERSITY

2016 Eleventh Annual Dialog on Sustainability – Tentative topic: The Paris Agreement and the Clean Power Plan.

Save the Date! More details coming soon.

Free Registration!

The event is open to the public and will run from about 8:00a.m. to 4:00p.m at the Manhattan Campus. In addition to presentations and dialog, there will be displays, posters, exhibits, a free lunch and more. The anticipated audience will include youth from many European countries, undergraduate students from U.S. universities who are working on sustainability research projects, leaders and members of environmental organizations, environmental professionals and other communities.

You are invited to attend any or all of the sessions at no charge. Preregistration is urged for seating and lunch purposes. Please send your name, affiliation, email, and phone, and whether you plan to bring a poster, or will need table space for display, to: Sheree Walsh, chsr@k-state.edu, or call 785-532-6519 for more information.

All who attend are encouraged to come prepared to share input, ideas and information on their sustainable activities. We encourage you to bring information to share (e.g., brochures, flyers, fact sheets, etc.) on sustainable activities that your organization is involved with. Tables will be available. Posters, exhibits, university course descriptions, and information on future sustainability events are invited. For posters, please send title, author information, and a brief abstract to: Sheree Walsh, chsr@k-state.edu

Program details and additional information are available at: <https://www.engg.ksu.edu/chsr/dialogs>
[\[https://www.engg.ksu.edu/chsr/dialogs\]](https://www.engg.ksu.edu/chsr/dialogs)

Co-sponsorship is encouraged to assist with travel and event expenses; contributors will receive a certificate of sponsorship and be recognized in the program for contributions as follows: Gold: \$500 and greater; Silver: \$250 and up to \$500; Bronze: \$100 and up to \$250

Hosted by the Consortium for Environmental Stewardship and Sustainability and its partners, with administrative leadership of the consortium provided by the university's Center for Hazardous Substance Research in the College of Engineering
